Ross
Dear Mr Kingsland

Thank you for your email of 17 November 2014 about the closure of the public toilets at Red Hill Lookout.

The ACT Government reviewed public toilet block facilities in respect to changes in demographics and current land use. The review looked at the demand for the toilets, their visual amenity and condition as well as their accessibility and compliance with safety standards.

The review found that additional toilets and upgrades to some facilities were needed and over the last two-three years 12 toilets have been upgraded or newly constructed. However, seven of the toilet facilities, assessed as particularly low use, were recommended for closure and in some cases removal.

However, in light of public feedback about the proposed closure, two of the toilets facilities, including the one at Red Hill Lookout will remain open.

Thank you for raising this matter with me. I hope that the information provided is of assistance.

Yours sincerely

Shane Rattenbury MLA
Minister for Territory and Municipal Services
