Dear Red Hill Bush Regenerators

I write to offer you my congratulations on being awarded the Community Group Award at the 2021 National Landcare Awards.

Your work restoring the bushland ecology of Red Hill Nature Reserve is inspiring. This award recognises the 30 years of care that you have provided, and the thousands of volunteers over that time who have diligently worked to restore Red Hill.

It is active community groups like the Regenerators that enrich our city and our region. I know that you will continue your work caring for Red Hill, creating a greener and more resilient reserve, and for that, I thank you.

Congratulations to each and every Regenerator on this achievement.

Yours sincerely
